

CASTO

California Association of School Transportation Officials

School Transportation Business Management Forum

Harrah's – Lake Tahoe, October 9 thru 11, 2013

Michael J. Licata, President
Community Anti-terrorism Training Institute
P.O. Box 1538
Hightstown, NJ 08520

October 16, 2013

Dear Mike:

On behalf of the California Association of School Transportation Officials (CASTO) I want to thank you for taking time to present a “CATS” eye-opening program for our attendees at this year’s School Transportation Business Management Forum. You covered a lot of ground explaining a very important subject leaving our participants with some great information.

The forum gave you the opportunity to exchange information with many of California’s school transportation officials and hopefully, that will pay off for you in the future. I have attached an old slide presentation I presented at a conference several year’s ago. While it may appear that school transportation operators are not up on school transportation security that is not because they haven’t received extensive security training over the past several years. My guess is that they have become complacent and need to be reminded of their responsibilities. I hope everything went well on your trip home. Thanks again for your participation.

Sincerely,

Ron Kinney, Program Coordinator
